# 500+ reasons to **buy** what this candidate is saying.

## Even though he's not for sale.

Times have changed. Anyone can share their vision online, and for the last 3 years and over 500 posts, he has. You may not agree with everything, but if you take some time to read [www.esrati.com](http://www.esrati.com), you may want to *give* him your vote.

Independent thinkers aren't always easy to support. They don't jump on command, sit down when told, or shut-up when they're right. They also don't take money from Special Interest Groups.

**[D] Esrati for Congress**  
**Honest. To a Fault.**

can always depend on the support of Paul.*

~George Bernard Shaw

**There are no perfect candidates.**

At least, I've never found one. I know I'm not perfect, but, I do know that the people of this country deserve honest representation in Congress. That means a candidate who won't sell out to Special Interest Groups — who won't vote just to guarantee campaign donations to stay in office.

If you're tired of Congressmen investigating steroids in baseball, while CEOs get millions for bankrupting their companies and firing Americans (Enron, Countrywide) you do have a choice to speak as your voice.

Please read [www.esrati.com](http://www.esrati.com) to learn more, and tell a friend, because you won't see a million-dollar media campaign for this candidate. If you like what you see, donations from hardworking Americans are still needed.
