

# This small business is buying what he's selling. Even though he's not for sale.

Small businesses drive the American economy, creating more new jobs and over half of all jobs.

Yet, our voice isn't heard in Washington.

We hire people to make more money; big business fires Americans to make more money.

Politicians aren't helping, because they need money from big business to get re-elected.

*A government which robs Peter to pay Paul can always depend on the support of Paul.*

~George Bernard Shaw

## We've had enough!

Politicians lie when they say they will cut taxes and government spending.

If we ran this business the way they run the country, we'd be out of business.

Imagine a congressman who will listen to us every day, not just prior to election day.

It's time someone represented all of us, not just the campaign donors.

Esrati refuses money from special interest groups, PACs and corporations.

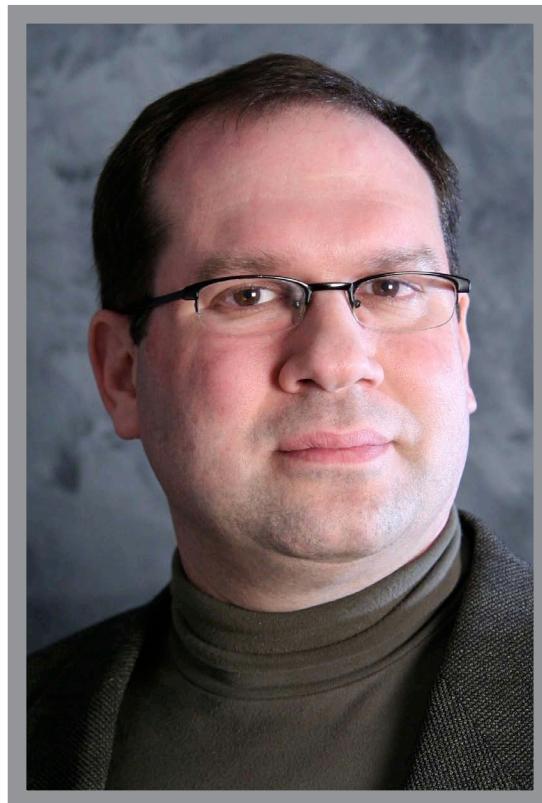

He believes in open, honest government.

For the people, by the people.

We buy his vision, will you?
