US CONGRESS • [WWW.ROBERTSFOROHIO.COM](http://WWW.ROBERTSFOROHIO.COM)

**“DEMOCRATS’ BEST BET IS JOE ROBERTS.”**

**-The Dayton Daily News**

## **FIGHTING FOR OUR TAX DOLLARS**

Joe will fight to bring every penny of our tax dollars back home to be invested in projects here. We must have an advocate for Dayton in Congress; someone who will fight to bring dollars back into the district to put people back to work rather than to refuse to request our hard-earned tax dollars out of principal. Joe intends to fight for his home.

## **BECOMING A LEADER IN GREEN TECHNOLOGIES AND JOBS**

Joe will fight to bring good-paying jobs back into the Dayton-area, specifically working to attract green technology businesses and manufacturers into the area. We can take the lead now and focus ourselves on becoming the Silicon Valley of green technology, right here in Dayton.

## **PROVIDING A QUALITY EDUCATION FOR ALL CHILDREN**

Joe will fight to reform No Child Left Behind into a program that benefits our students, teachers and schools. He will fight to make sure that all children have access to a quality education from kindergarten through college. He believes we need schools that are the center of a community and foster health, nutrition and a great learning environment.

## **ABOUT JOE**

As a fifth generation Daytonian, Joe Roberts is running for Congress in Ohio's 3rd District. Joe grew up in a middle class family in Centerville. After graduating from Centerville High School, Joe attended college at the University of Alaska Fairbanks where he studies Natural Resource Management and Political Science.

Joe is the President of a local consulting firm and a small business owner who understands that small businesses are the backbone of the economy. He will protect small businesses from mammoth corporations and over regulation from the government.

Joe worked for two years as a licensed investment advisor. He saw firsthand people lose their life savings and retirements because banks and financial institutions were reckless and gambled with people's livelihoods.

In 2008, Joe was honored to serve as a voter protection coordinator during the historic election of President Barack Obama. Recently, Joe has fought for sensible immigration reform in Ohio.

Joe and his wife Ashley are members of Temple Beth Or in Kettering. He is an alumni brother of Sigma Phi Epsilon Fraternity. Joe and Ashley live in Kettering with their three dogs – Hershel, Bernie, and Artie.
